## DR CHERYL SCHWARTZ

Acupuncture • Herbs • Homeopathy • Bio-energetics • Sound  
As a pioneer in the field of veterinary holistic therapies, Dr. Schwartz has learned from animals themselves for over thirty years of her clinical practice. She returns to the Bay Area bringing holistic veterinary healing to cats, dogs and horses, and introduces the Heal•Learn Institute for educating YOU.

A 1978 graduate of Washington State University Veterinary School, Dr. Schwartz expanded her healing techniques to combine Traditional Chinese Medicine ~ acupuncture, acupressure, tuina massage and herbs ~ along with Classical Homeopathy, bio energetics and tuning fork resonance for balancing the whole animal. Dr. Schwartz's unique ability to synthesize holistic modalities using knowledge, skill and intuition has helped thousands of animals around the world, and empowered their humans to continue their care at home.

As one of the founding members of the American Holistic Veterinary Medical Association, and an educator for over twenty years, Dr. Schwartz has taught veterinarians acupuncture and herbal medicine across the U.S. and around the world.

As part of the teaching team for accreditation courses for Chi Institute and foreign International Veterinary Acupuncture Society, Dr. Schwartz shared her unique blend of knowledge, experience and sense of humor with graduate veterinarians in the U.S., Canada, Europe, Latin America, Australia, China and Japan.

Dr. Schwartz is the author of *Four Paws Five Directions A Guide to Chinese Medicine for Cats & Dogs* (Celestial Arts Press: 1996), the first book of its kind to be used as a textbook by veterinarians learning Chinese Veterinary Medicine and by the public to help their own animals. Dr. Schwartz's second book *Healing for Dogs & Cats from A-Z* (Hay House 2000), is dedicated to quick at home treatments for common problems.
