

Adopt Don't Shop!

Countless Fish are Awaiting Homes

Make adoption your **first and only choice**
when welcoming a new fish into your family.

**IN DEFENSE
OF ANIMALS**

RESPECT FOR FISH

In Defense of Animals' Respect for Fish Day on August 1 reminds us that fish are living, feeling beings — not decorations or disposable purchases.

Fish sold in stores are often crowded into small tanks or cups, stressed by poor water quality and transport, and sold with little information about their true needs.

Before welcoming a fish companion, learn about their care and adopt from a rescue or rehoming network instead of buying. Fish deserve better.
